

Value Proposition for BUMACO Insurance Company Limited: Bima Kwik: Your Partner in Digital Transformation and Sales Growth

Problem:

- Increasing competition in the insurance market.
- Need to reach a wider customer base with diverse needs.
- Challenges in managing agent, broker, bancassurance and SFEs networks effectively.
- Inefficient claims processing and customer service.

Solution: Bima Kwik offers a comprehensive digital insurance platform designed to address these challenges and drive growth for BUMACO Insurance Company Limited.

Key Benefits:

1. Enhanced Agent and Broker Productivity:

- **Centralized Platform:** Provide intermediaries with a single, user-friendly platform to access products, manage policies, and process claims.
- **Efficient Onboarding:** Streamline the onboarding process for new agents, broker, bancassurance and SFEs.
- **Real-time Commission Tracking:** Offer intermediaries transparent and timely commission tracking.

2. Expanded Customer Reach:

- **Omnichannel Access:** Reach customers through web, mobile apps, and API integrations with other digital platforms.
- **Customized Products:** Offer tailored insurance products to meet the specific needs of different customer segments.
- **Targeted Marketing:** Leverage Bima Kwik's platform to target specific customer groups and increase sales.

3. Improved Operational Efficiency:

- **Automated Processes:** Automate key processes like policy issuance, premium collection, and claims processing, reducing manual errors and increasing efficiency.
- **Real-time Data Analytics:** Gain valuable insights into sales performance, customer behavior, and market trends to make data-driven decisions.
- **Regulatory Compliance:** Ensure compliance with all relevant insurance regulations and standards.

4. Seamless Integrations:

- **API Integration:** Integrate Bima Kwik with existing systems, such as your core insurance system and CRM, to streamline operations and data sharing.
- **Partnership Opportunities:** Collaborate with Bima Kwik to explore partnership opportunities with other organizations to expand your reach and customer base.

Business Model:

Bima Kwik offers three flexible business models to suit your specific needs:

1. Outright Purchase:

- Purchase the entire Bima Kwik platform for a one-time fee.
- Annual maintenance support.
- You will host the system on your own servers.

2. White Label:

- Obtain a white-labeled version of the Bima Kwik platform for a one-time fee.
- Pay an agreed% commission on premium as platform fee per policy issued,
- Platform fee shall be a minimum of US\$..... per month in the second year equivalent to the % commission of platform fee.

3. Bima Kwik as a Service:

- Use the Bima Kwik platform as is, with no onboarding fee.
- Pay an agreed % commission on premium as platform fee per policy issued,
- Platform fee shall be a minimum of US\$..... per month equivalent to the % commission of platform fee

Call to Action: By partnering with Bima Kwik, BUMACO Insurance Company Limited can:

- **Increase sales and market share** through a more efficient and effective distribution network.
- **Improve customer satisfaction** with a digital-first approach and personalized offerings.
- **Enhance operational efficiency** and reduce costs through automation and streamlined processes.
- **Stay ahead of the competition** by embracing digital innovation and technology.

Let's work together to transform your insurance business and achieve sustainable growth.
